INTRODUCTION TO AALCO

Your first choice supplier for all your metal needs.

Aalco is the UK’s largest independent multi-metals stockholder, with unrivalled stock of aluminium, stainless steel, copper, brass and bronze in all semi-finished forms.

Flexible, responsive, trusted service

Aalco is delighted to introduce its new range of industry approved sideguard kits that meet the requirements of Regulation 73.

- VCA tested & approved
- Fitting instructions enclosed
- 500mm or 700mm legs
- Double or single rail systems available
- Two options of sideguard rail
- Full certificate available on request

The VCA approved Aalco sideguard system comes in a range of 4 kits. Pivotal legs are available in 500mm and 740mm heights and the kits are suitable for either single or twin rail systems. Aalco’s exceptional standards of manufacturing, delivery, advice and service mean that you can be assured of the right parts for your requirements.

DISCLAIMER

The information contained herein is based on our present knowledge and experience and is given in good faith. However, no liability will be accepted by the Company in respect of any action taken by any third party in reliance thereon.

As the products used herein may be used for a wide variety of purposes and as the Company has no control over their use, the Company specifically excludes all conditions and warranties expressed or implied by statute or otherwise as to dimensions, properties and/or their fitness for any particular purpose. Any advice given by the Company to any third party is given for that party’s assistance only and without any liability on the part of the Company.

Any contract between the Company and a customer will be subject to the Company’s Conditions of Sale. The extent of the Company’s liabilities to any customer is clearly set out in these Conditions; a copy of which is available on request.

Weights

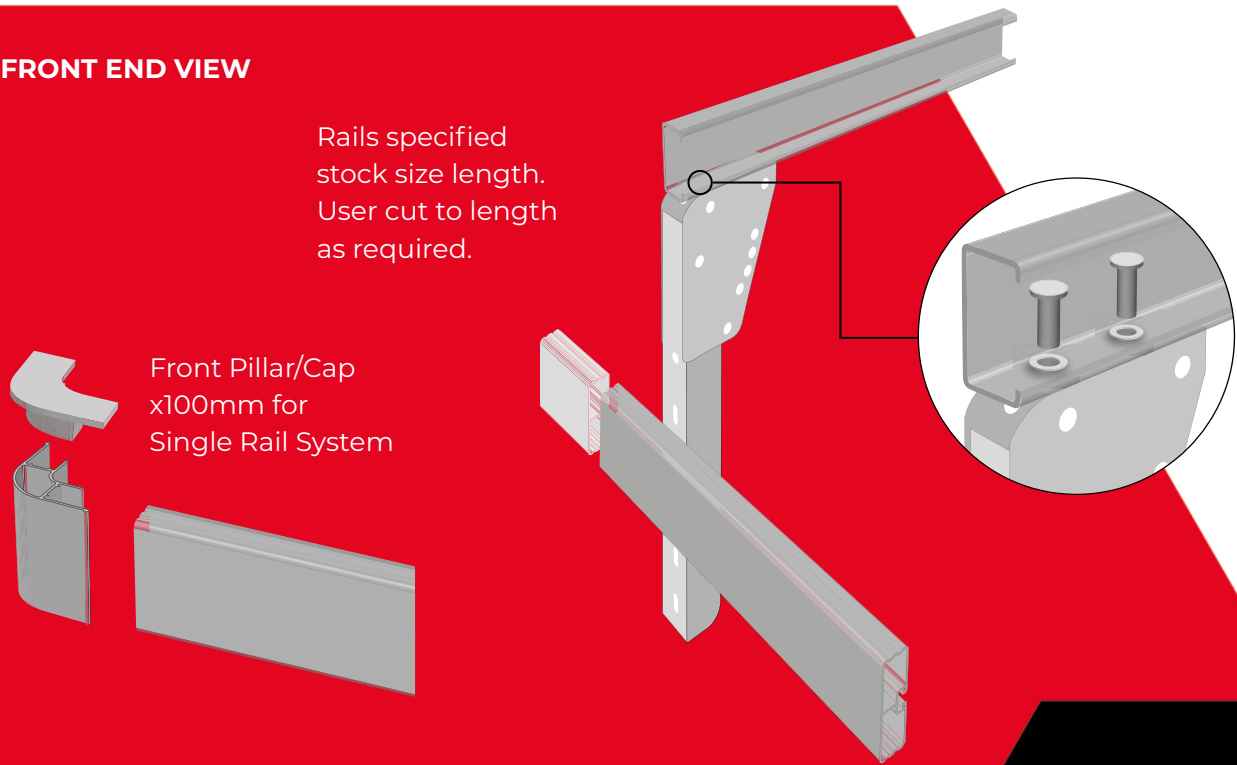

All weights shown in this publication are for guidance only. They are calculated using nominal dimensions and scientifically recognised densities. Please note that in practice, the actual weight can vary significantly from theoretical weight due to variations in manufacturing tolerances and compositions.

Aalco is a registered trademark of Aalco Metals Ltd.

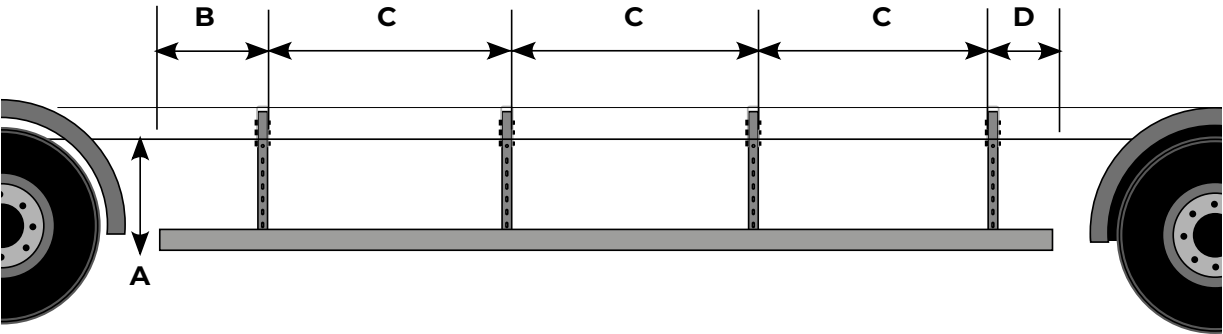

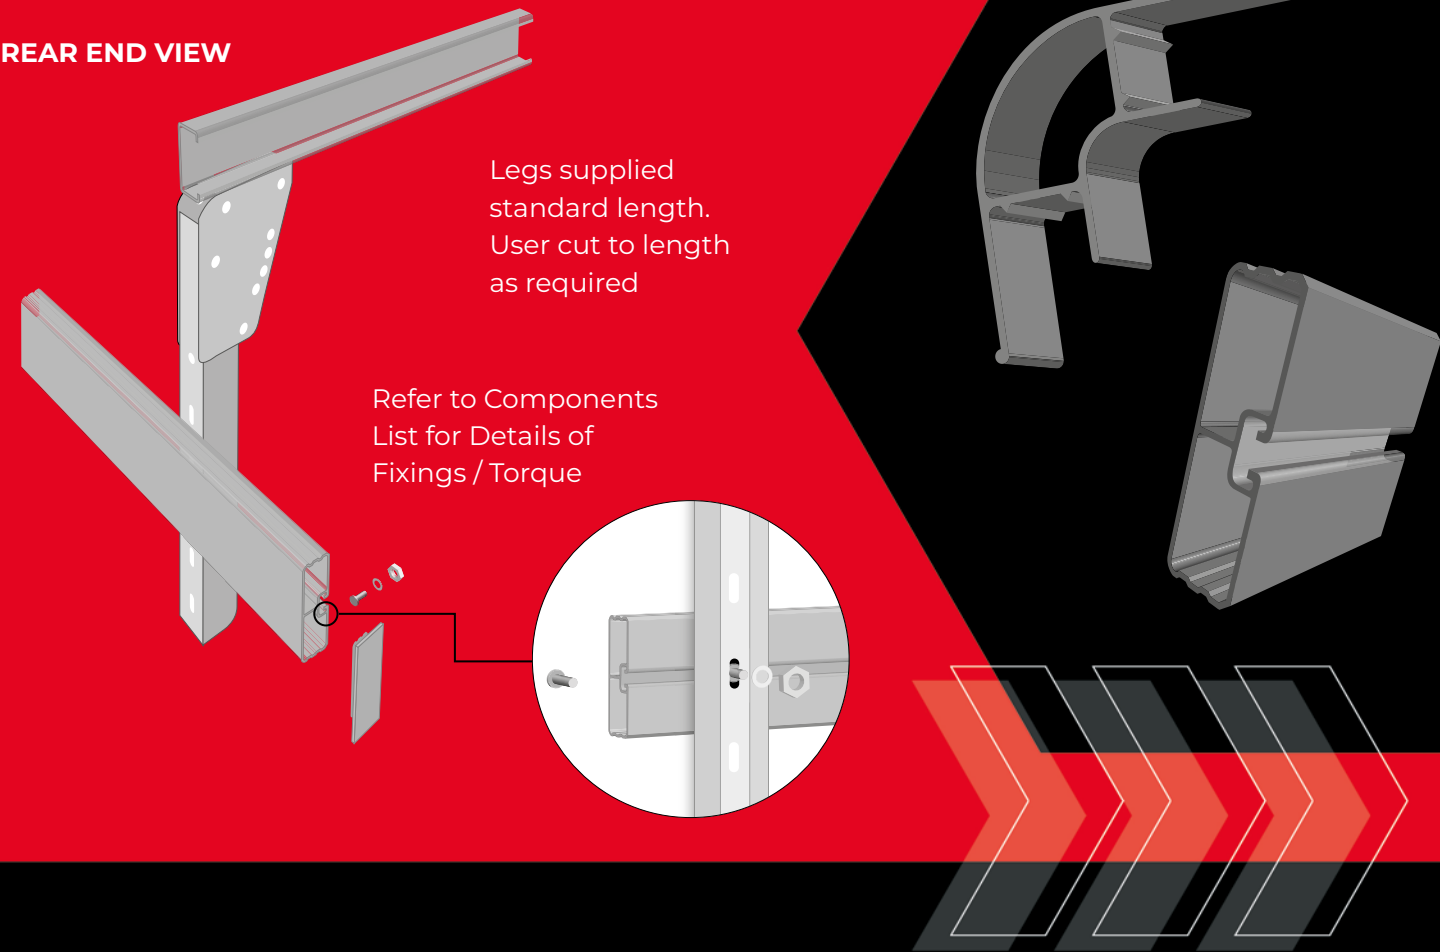

SINGLE RAIL

ASSEMBLY INSTRUCTIONS

FRONT END VIEW

REAR END VIEW

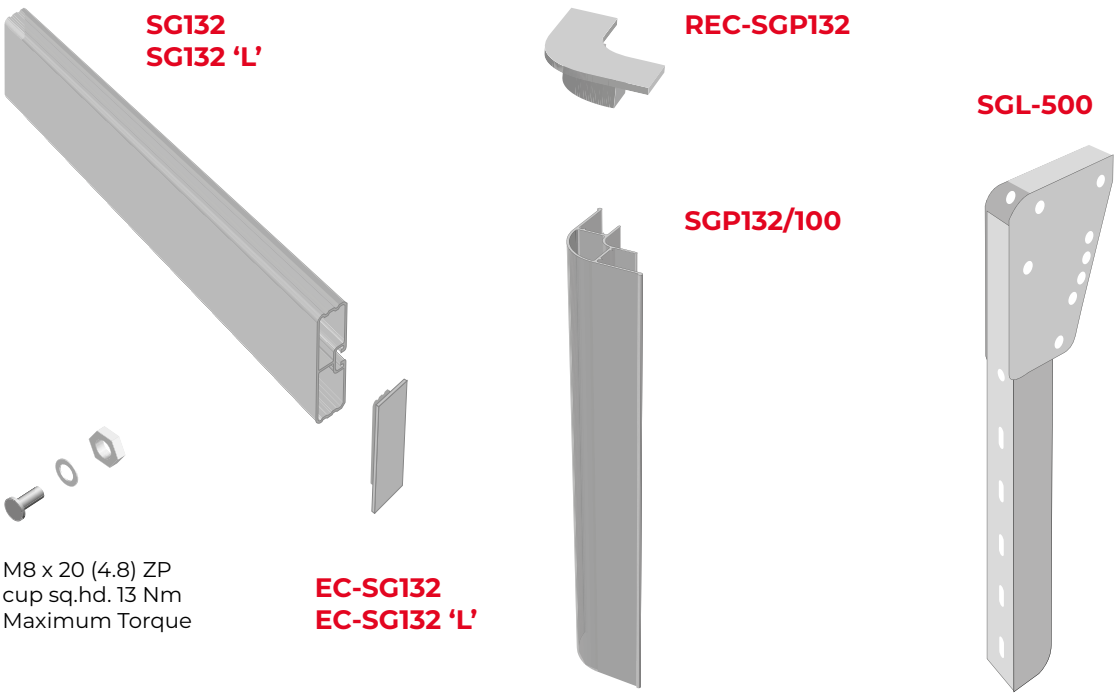

Definitions

- Max Drop** = Maximum drop to bottom of lowest rail
- Max Leg Spacing** = Maximum distance between legs, taken from centre of each leg
- Max Overhang Front** = Maximum distance to front of rail, including pedestrian kit, from centre of nearest leg
- Max Overhang Rear** = Maximum distance to rear of rail from centre of nearest leg

Single Rail Kit

Kit No	Leg	Rail	A Max drop (mm)	B Max Overhang front (mm)	C Max leg spacing (mm)	D Max Overhang Back (mm)
1	SGL500	SG132 'L' (Single)	500	500	2500	200
3	SGL500	SG132 (Single)	500	750	3000	300

for all your metal needs

LET'S BUILD IT TOGETHER

The Road Transport Industry is a fast-paced and expanding marketplace with constantly evolving challenges and the need for innovation and product development to meet them. At Aalco we aim to provide a comprehensive range of products to fulfil market demands, from flooring to roofing and just about everything in between.

FLEXIBLE. RESPONSIVE. TRUSTED.
