## Stainless Steel Sheet Polishing

**aalco have it all!**

# Many **polished sheet items** are kept in stock for immediate despatch, whilst plain sheet from the **UK's largest stocks** of stainless steel can be polished and / or coated on **short lead times**

The Aalco Central Warehouse has an extensive stainless steel sheet polishing facility with 5 polishing lines providing customers with a range of finishes, including:

- 80 Grit R<sub>A</sub> 3.2 - 2.0
- 180 Grit Dull Polish R<sub>A</sub> 1.7 - 1.0
- 240 Grit Aluminium Oxide Polish R<sub>A</sub> 1.2 - 0.7
- 320 Grit Bright Polish R<sub>A</sub> 0.7 - 0.3
- 240 Grit Silicon Polish R<sub>A</sub> 0.4 - 0.1
- OPTISHEEN™ R<sub>A</sub> 0.3 - 0.1
- CIRCLE POLISHED
- MIRROR POLISHED
- ELECTRO-POLISHED

Sheet can be polished on one or both sides and supplied with a choice of protective PVC coatings including Laser Cutting Quality.

## Other useful information & associated products

### Product Guide

Technical information on applications, uses and specifications for Stainless Steel, Aluminium, Copper, Brass and Bronze

### OPTISHEEN™

Unique to Aalco is the premium wet-cut finish OPTISHEEN™. This popular finish provides customers with a number of advantages over the traditional dry-cut/ground finishes:

- Non-directional
- Low Surface Roughness (RA 0.1 to 0.4 micron)
- Quicker and easier to clean
- Very repeatable batch-to-batch
- Stock available for immediate despatch

OPTISHEEN is a Registered Trademark of Aalco Metals Ltd

### Other Polished Stainless Steel Products

To complement the range of Polished Stainless Steel Sheet, Aalco also stock other polished products including:

- Decorative/Ornamental Tube - Round, Square & Rectangular - In a wide range of sizes and finishes
- Handrail Tube and Fittings, including Slotted Tube - Ranges include Satin Polished and Mirror Polished
- Polished Flat Bar (Rolled Edge)
- Polished Round Bar
